Draft Report, ORR Project 35.1743, "Construction and Imports of Vessels for the Soviet Maritime Fleet 1946-60."

1. The report on "Construction and Imports of Vessels for the Soviet Maritime Fleet 1946-60" (Project 35.1743) is the third in a series of reports covering shipbuilding in the USSR.

2. This report is well organized, is well written, and the methodologies used in arriving at production and input estimates are sound. It is recommended that it be published as an RR.
